

2025-2026 Alaska Drawing Permit Hunt Supplement

ATTENTION ALL HUNTERS!

- The online application period begins November 1 and ends December 16, 2024 at 5 p.m. (AKST).
- Drawing results will be announced by the **third Friday of February**.
- Hunts listed in this supplement take place in 2025, unless designated as 2026.
- For hunts that take place in two calendar years, permit winners will need to purchase a locking-tag (if applicable) and hunting license for each calendar year they plan to hunt. Hunters who are unsuccessful in the fall 2025 season must purchase a new locking-tag (if applicable) and hunting license to continue hunting their permit in the spring 2026 season.
- **Antlerless hunts must be authorized by advisory committees in order to be held.** Application fees will **not be refunded** if the antlerless moose hunts are not authorized.
- All applications submitted are final and application fees will not be refunded.

Read This Section BEFORE Applying

- You must obtain or have applied for an Alaska big game hunting license prior to applying (except Alaska residents 17 years of age and younger).
- All hunters must be 10 years of age or older by the starting date of the hunt to obtain a permit.
- Each hunt is assigned a unique hunt number. Use only hunt numbers listed in this supplement.
- Applicants may submit up to six applications (individual or party) per species, regardless of how many separate orders are placed. Applicants may apply for the same hunt more than once, or multiple hunts, as long as they do not exceed six applications per species; if you exceed six, all applications for that species will be rejected. Exceptions listed below:
 - Moose:
 - Koyukuk Controlled Use Area (KCUA):
 - Guided nonresident moose hunters may not submit more than one application for a KCUA moose hunt.
 - All hunters that were issued any KCUA moose Drawing permit last year are ineligible to receive a Drawing permit for any KCUA moose hunt this year.
 - Applicants for 21E moose draw hunts may only apply for DM837 OR DM839, but not both. However, they may apply up to 6 times for either hunt.
 - Applicants for 19C Farewell moose draw hunts may only apply for DM681 OR DM682, but not both. However, they may apply up to 6 times for either hunt.
 - Kodiak Brown Bear:
 - Nonresidents hunting with a registered guide may not submit more than one application for one Kodiak brown bear hunt for the spring of 2025, and may not submit more than one application for one hunt for the fall of 2025.
- Nonresidents who will become residents by the starting date of the hunt may apply for resident hunts; however, they must purchase a nonresident big game hunting license in order to apply for those hunts.
- **The number of permits actually issued may be adjusted up or down depending on the outcome of the most recent population surveys. Many of these surveys are not completed until after the publication of this supplement.** The number of permits may also be adjusted for administrative reasons.
- No person may receive more than one Drawing permit per species per regulatory year.
- If you fail to report on a Drawing, Registration (including Tier I, Nelchina caribou), Targeted, or Tier II permit, even if you claim the postal service lost your report, **you will be ineligible to receive any permits for the next regulatory year, including all Drawing hunts listed in this supplement.**
- You may not be awarded a permit for the exact same drawing hunt (Ex: DS102) two years in a row. This restriction does not apply to those who received an undersubscribed Drawing permit.
- Permits are not transferable.
- Hunt area maps are available online at <http://hunt.alaska.gov>.

How to Apply

Apply early! Read the Drawing permit hunt application instructions carefully.

- Select the hunt numbers you want to apply for, locate your hunting license and go online to: <http://hunt.alaska.gov>
- You must apply online (VISA, MC, Discover, and American Express only; cash and checks are not accepted). There is NO REFUND of application or license fees.
- In addition to the cost of your hunting license, there is a fee each time you apply for a draw hunt. For black bear, brown bear, caribou, elk, moose, mountain goat, and Dall sheep hunts, the fee is \$5. For bison and muskox hunts, the fee is \$10.
- A hunter may apply individually OR two (2) hunters desiring to hunt together may apply as a party. For a party application, both hunters apply on the same application and, if drawn, both hunters will receive permits. Residents and nonresidents applying as a party need to verify that the hunt they are applying for is open to both residencies and any applicable guide requirements are met for the nonresident. Both party applicants must meet all eligibility requirements. If either member of the party is ineligible for any reason, the entire application is invalid, and neither hunter will be entered into the drawing.

Youth Hunting Opportunities

- Hunters aged 10-17 that have successfully completed a Basic Hunter Education course, or hunters under the age of 10, are allowed to hunt on behalf of an adult permit holder under the direct and immediate supervision of that adult. The adult permit holder must be a licensed hunter, 18 or older, and is responsible for ensuring all legal requirements are met.
- Youth Drawing hunts are designated with a Y instead of a D. Only youth who will be 10-17 years old by the starting date of the hunt are eligible to apply, and can only hunt a youth permit while they are 10-17 years old. **Basic Hunter Education is required. See page 3 for additional information.**

Basic Hunter Education Requirements

Requirements for hunters before hunting in **Units 7, 13, 14, 15, and 20:**

If you were born after January 1, 1986 and are 18 years old or older, you must have successfully completed a Basic Hunter Education course before you hunt in the units listed above.

If you are under 18 years of age, you must have either successfully completed a Basic Hunter Education course before you hunt in the units listed above or be under the direct immediate supervision of a licensed hunter who:

- (a) is 18 years of age or older and has successfully completed a Basic Hunter Education course
- OR-
- (b) was born on or before January 1, 1986.

- In addition to the units listed above, some hunts or hunt areas require Basic Hunter Education, regardless of the age of the applicant. For those hunts, permit winners must have successfully completed a Basic Hunter Education course prior to hunting.

Apply Online by 5 p.m. (AKST) December 16!

For application information visit <http://hunt.alaska.gov> or contact your local ADF&G office.

If you need an alternative to applying online, contact your local ADF&G office by **5 p.m. (AKST) November 21** and we will provide accommodation.

Apply early! Due to the high volume of traffic on the website during the last few days, those who attempt to apply at that time can expect delays.

Guide Information

Guide Requirements for Nonresidents

- Nonresidents who are citizens of the United States are required to be personally accompanied in the field by an Alaska-licensed guide OR an Alaska resident relative 19 years of age or older within the second-degree of kindred* when hunting brown/grizzly bear, Dall sheep, or mountain goat.
- Nonresidents who are not citizens of the United States (nonresident aliens) are required to be personally accompanied in the field by an Alaska-licensed guide when hunting any big game species.
- Those intending to hunt with an Alaska-licensed guide should make certain there is an available guide registered to guide in the area they plan to hunt. Having successfully obtained a permit does not guarantee the availability of a guide.
- All hunters, guided and unguided, are responsible for their own actions and should be knowledgeable of all requirements under the Alaska Hunting Regulations.

Guide-Client Contracts required for nonresident hunts

All nonresidents hunting big game species that require an Alaska-licensed guide must have a signed guide-client contract before or at the time of application. These hunts are identified with the “handshake” symbol shown here.

To get started, select an Alaska-licensed registered or master guide who is currently registered for all or a portion of the Guide Use Area (GUA) where you wish to hunt and for the year the permit is valid. You can find this information by contacting:

Big Game Commercial Services Board:
PO Box 110806
Juneau, Alaska 99811-0806
Phone (907) 465-2543
Email: biggamecommercialservicesboard@alaska.gov
Website: <https://www.commerce.alaska.gov/web/cbp/main>

Once you decide on a guide, finalize the guide-client contract. This guide-client contract should allow the guide to submit your draw application and provide hunting services.

Guides: when applying for your client, be sure to select Registered Guide and enter your Unique Verification Code (UVC).

Nonresidents hunting with a resident relative 19 years of age or older, within the second-degree of kindred*, do not need an Alaska-licensed guide, but must select the appropriate option on the application.

***Second-degree of kindred:** A father, mother, brother, sister, son, daughter, spouse, grandparent, grandchild, brother/sister-in-law, son/daughter-in-law, father/mother-in-law, stepfather, stepmother, stepsister, stepbrother, stepson, or stepdaughter.

Guide and Transporter Differences

Hunters should be aware that, except for a registered or master guide, it is illegal for anyone to provide for compensation any supplies, equipment, or services (other than transportation) to a big game hunter in the field. In other words, transporters and individuals may not legally receive compensation for providing vehicles, fuel, bear bait and/or stations, camping, hunting, or game processing equipment or any hunting services such as cleaning of game, glassing, packing, etc. from a permanent or nonpermanent structure in the field or on a boat on saltwater. Licensed transporters may provide transportation services and accommodations (room and board) only at a personally owned permanent structure in the field or on a boat on saltwater. It is illegal for a transporter to accompany or remain in the field at a nonpermanent structure with a big game hunter who is a client of the person except as necessary to perform transportation services. Unlicensed individuals cannot legally provide transportation services or accommodations for compensation.

Undersubscribed Drawing Hunts

Undersubscribed Drawing hunts are hunts that had fewer applicants than available permits. If undersubscribed permits are available, information about the permits will be posted online at <http://hunt.alaska.gov> on the **first Friday in March**. Contact the local ADF&G office nearest the hunt for more information. Hunters are able to obtain undersubscribed permits for the same species of a Drawing permit for the same regulatory year.

Permit Reissue for Deployed Military

Deployed military personnel who are unable to use their Drawing permit may be eligible to have the permit for the same hunt reissued the following regulatory year. Information and forms are available at:

http://www.adfg.alaska.gov/index.cfm?adfg=huntlicense.military_permits.

Additional information is available by contacting the Permit Hunt Administrator, ADF&G, Division of Wildlife Conservation, 1801 S Margaret Dr, Palmer, AK 99645. Phone: (907) 746-6398 or email: dfg.dwc.huntpermit.reissue@alaska.gov

Proxy Hunting

Proxy hunting is for residents only. You may proxy hunt for caribou in Drawing hunts. You may proxy hunt for moose in Drawing hunts that are bull hunts with no antler restrictions, antlered bull hunts with no antler restrictions, or antlerless moose hunts. You may proxy hunt for bison in Units 19 and 20. For moose and caribou, antler destruction is required for both the hunter's and the beneficiary's animal. For all other proxy regulations, see the current Alaska Hunting Regulations.

Additional instructions, information on weapons-restricted hunts, and results of last year's Drawing hunts can be found on the back page of this supplement.

The State of Alaska is an Affirmative Action/Equal Opportunity Employer. Contact the Division of Wildlife Conservation at (907) 465-4190 for alternative formats of this publication. Comments or questions regarding this publication may be emailed to natalie.weber@alaska.gov.

Kodiak Brown Bear

Hunt Maps available online at <http://hunt.alaska.gov>

- Successful applicants must pick up their permit in person at the ADF&G office in Kodiak Mon-Fri, 8:00am-4:30pm.
 - Permits for Spring 2025 hunts will be available beginning March 5, 2025
 - Permits for Fall 2025 hunts will be available beginning October 1, 2025
 - A valid Alaska big game hunting license, Big Game Tag Record, and brown/grizzly bear locking-tag must be presented at ADF&G in Kodiak at the time of permit issuance.
 - Hunters are restricted to a 15-consecutive-day hunt period selected by the hunter at the time of permit issuance.
- The bag limit is one bear every four regulatory years, and a legal bear is any bear except cubs or females accompanied by cubs. A wounded bear counts against your bag limit for the regulatory year.
- Applicants successfully drawn for a fall Kodiak bear hunt are ineligible to receive another Kodiak bear permit the following spring.
- Much of south and east Afgonak Island and northern Kodiak Island is privately owned and subject to land use fees. Access permits are available from land owners. Land status maps and addresses of land owners are available online at: <https://dnr.alaska.gov/mlw/planning/atlas/kodiak-island/>.

Residents and Nonresidents hunting with Resident Relatives¹ (DB200 Series): Application Period for All Hunts is November 1 - December 16

Guided Nonresidents (DB100 Series): Application Period for ALL HUNTS (Spring AND Fall) is November 1 - December 16

Alaska Residents or Nonresidents Hunting with Resident Relatives Fall 2025 and Spring 2026					Fall Season: Oct. 25 - Nov. 30 Spring Season: Apr. 1 - May 15		 Nonresidents and Nonresident Aliens Hunting with an Alaska-licensed Guide Spring 2025 and Fall 2025				
Nonresidents intending to hunt with a resident relative within second degree of kindred must apply for the DB200 series of permit hunts listed in chart at right.	Hunt Number		Number of Permits		Residents and nonresidents within second-degree of kindred use hunt numbers on left side of this chart when applying; guided nonresidents use hunt numbers on the right.	Hunt Number		Number of Permits		Guide-Client Contracts are required at the time of application. Guides may only submit as many applications as permits available for that hunt. A party application counts as two applications (one for each party member). Nonresidents hunting with a registered guide may not submit more than one application for one Kodiak brown bear hunt for the spring of 2025, and may not submit more than one application for one hunt for the fall of 2025. Kodiak National Wildlife Refuge and some private landowners only allow certain guides to take nonresident bear hunters on their lands. Areas subject to these restrictions are known as "exclusive guide use areas". Hunters are strongly encouraged to check on guide availability in these areas. For a fee, a list of the Alaska-licensed guides registered for particular hunt areas may be obtained from Big Game Commercial Services Board, P.O. Box 110806, Juneau, AK, 99811, Phone (907) 465-2534. Successful applicants have until the close of business March 12, 2025 (Spring 2025 hunt) or October 8, 2025, (Fall 2025 hunt) to cancel (in writing to Kodiak ADF&G) their Kodiak brown bear Drawing permit. Hunters who do not cancel their permit prior to the deadline will not be eligible for a Kodiak brown bear Drawing permit for the remainder of the regulatory year. Permit cancellations will not be accepted after the deadline. If a successful applicant cancels their permit prior to the deadline for cancellations, ADF&G will choose an alternate for that permit from the alternate list. Alternate lists for each hunt are produced during the Drawing permit application process. If there are no alternates available for the hunt, cancelled permits will be issued on a first-come, first-served basis beginning March 19, 2025 (Spring 2025 hunt) or October 15, 2025 (Fall 2025 hunt) and up until the start of the season. No cancelled permits will be issued after the start of the season. To reserve one of these permits, a hunter, guide or agent must provide the guide's unique verification code (obtained by the guide from Big Game Commercial Services Board) and the hunter's information to ADF&G in Kodiak in person BEFORE the start of the season. Permits for undersubscribed drawing hunts will be issued on a first-come, first-served basis starting on February 28, 2025 (Spring 2025 hunt) or August 11, 2025 (Fall 2025 hunt) and up until the start of the season. To reserve one of these permits a hunter, guide, or agent must provide the guide's unique verification code (obtained by the guide from Big Game Commercial Services Board) and the hunters information to ADF&G in Kodiak in person BEFORE the start of the season. No permits will be issued to hunters whose information, including guides unique verification code, is not submitted in person to ADF&G in Kodiak prior to the start of the season.

Brown/Grizzly Bear

Hunt Maps available online at
<http://hunt.alaska.gov>

- A brown/grizzly bear locking-tag is required.
- Legal Animal: any brown bear except cubs or females accompanied by cubs. In Unit 4, a wounded bear counts against your bag limit for the regulatory year. In Units 4 and 10, the bag limit is one bear every four regulatory years; in all remaining Drawing brown bear hunts (DB468, DB470, DB477, DB685, DB690 and DB987) the bag limit is one bear every regulatory year.
- Successful hunters must report within 15 days of kill, unless specified otherwise on permit.
- Successful hunters must present the skull (unfrozen and removed from the hide) and hide (unfrozen, with claws and evidence of sex attached) for sealing within 30 days of the kill.

Guide Requirements:

- Nonresident hunters who are not citizens of the United States (nonresident aliens) must be accompanied in the field by an Alaska-licensed guide and are not eligible for Unit 4 Drawing brown bear hunts (DB077, DB088, and DB089).
- Nonresidents applying for the remaining Drawing brown bear hunts (DB375, DB376, DB468, DB470, DB477, DB685, DB690 and DB987), excluding aliens, must be accompanied in the field by an Alaska-licensed guide or an Alaska resident relative 19 years of age or older within second-degree of kindred.

If undersubscribed permits are available, information about these permits will be posted online at <http://hunt.alaska.gov> on the **first Friday in March**. Undersubscribed Drawing hunts are hunts that had fewer applicants than available permits. Contact the local ADF&G office nearest the hunt for more information.

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates		Additional Requirements and Information
			2025	2026	
4 <i>Nonresidents guided by resident relative</i>	DB077	3	Sept. 15-Dec. 31	-----	Hunt Area: Unit 4 Nonresident hunters applying for DB077 may NOT use an Alaska-licensed guide.
4, Outside Drainages <i>Nonresidents guided by resident relative</i>	DB088	2	-----	Mar. 15-May 31	Hunt Area: (outside drainages) Chichagof Island south and west of a line that follows the crest of the island from Rock Point (58° N. lat., 136° 21' W. long.), to Rodgers Point (57° 35' N. lat., 135° 33' W. long.) including Yakobi and other adjacent islands; Baranof Island south and west of a line that follows the crest of the island from Nismeni Point (57° 34' N. lat., 135° 25' W. long.), to the entrance of Gut Bay (56° 44' N. lat., 134° 38' W. long.), including the drainages into Gut Bay, and including Kruzof and other adjacent islands. Nonresident hunters applying for DB088 may NOT use an Alaska-licensed guide.
4, Remainder <i>Nonresidents guided by resident relative</i>	DB089	2	-----	Mar. 15-May 20	Hunt Area: remainder of Unit 4 Nonresident hunters applying for DB089 may NOT use an Alaska-licensed guide.
10, Unimak Island 	DB375	8	Oct. 1-Dec. 31	-----	Hunt Area: Unimak Island. The bag limit is one bear every four regulatory years and a legal bear is any bear except cubs or females accompanied by cubs.
	DB376	8	-----	May 10-May 31	
14C, Eklutna Lake Management Area within Chugach State Park  <i>Certified Bowhunters Only (see page 20)</i>	DB468	20	Sept. 1 thru May 31		Hunt Area: those portions of Chugach State Park within the Eklutna Lake Management Area. Prior to applying for this hunt, IBEP certification is required. Prior to hunting, Basic Hunter Education is required.
14C, Chugach State Park Mgmt. Area 	DB470	15	Sept. 1 thru May 31		Hunt Area: those portions of Chugach State Park Management Area in the Peters Creek, Little Peters Creek, Thunderbird Creek, upper Ship Creek (upstream from Fort Richardson and excluding Tokle Creek drainage), Indian Creek, Bird Creek (excluding Bird Creek Regional Park), and upper Eagle River (above Icicle Creek) drainages. Chugach State Park prohibits the discharge of firearms and bows within ½ mile of the Seward Hwy and trailheads. Prior to hunting, Basic Hunter Education is required.
14C, McHugh Creek <i>Certified Shotgun Hunters, Certified Bowhunters, or Certified Muzzleloader Hunters Only (see page 20)</i> 	DB477	up to 5	Oct. 1-Oct. 31	-----	Hunt Area: Unit 14C, McHugh Creek: all drainages into McHugh Creek, excluding that area within a 1/2 mile of the Seward Hwy or within a 1/4 mile of a developed facility. Special hunt conditions include Basic Hunter Education and muzzleloader certification (if using a muzzleloader) or bowhunter certification (if using a bow), demonstrated shooting proficiency (separate from Basic Hunter Education requirement), orientation class, hunting on weekdays only, daily check-in/out and all parts of the bear not required to be salvaged must be moved 100 yards from any trail.
22B and 22C  <i>Nonresidents Only</i>	DB685	30	22B: Aug. 1 thru June 15		If undersubscribed, these permits will be available at ADF&G in Nome; information about these permits will be posted online at http://hunt.alaska.gov on the first Friday of March.
			22C: Aug. 1-Oct. 31 22C: Apr 1-June 15		
22D and 22E  <i>Nonresidents Only</i>	DB690	30	Aug. 1 thru June 15		
26B  <i>Nonresidents Only</i>	DB987	20	Aug. 10 thru June 15		Hunt Area: Unit 26B. A portion of this hunt is included in the Dalton Hwy Corridor Management Area. Dalton Hwy Corridor Management Area (DHCMA) - that portion within Unit 26B, extending five miles from each side of the Dalton Hwy, including the driveable surface of the Dalton Hwy, from the Yukon River to the Arctic Ocean, and including the Prudhoe Bay Closed Area. The area within the Prudhoe Bay Closed Area is closed to the taking of big game; the remainder of the DHCMA is closed to hunting; however, big game, small game, and fur animals may be taken in the area by bow and arrow only, and small game may be taken by falconry. See Weapons-Restricted hunts, page 20.

How does the random drawing work?

All permit applications are entered into a database and checked for potential problems such as incorrect hunt numbers, date of birth, hunting license information, etc. A computer then randomly assigns a “draw number” to each hunt on each valid application. Party hunt applications receive one draw number for each hunt, meaning both applicants share a single random draw number for each hunt in the party application.

Permits are assigned to applicants with the lowest draw numbers, up to the number of permits allocated for that particular hunt. If five permits are to be awarded for a particular hunt, the five permits will be assigned to the five lowest draw numbers. Note: this may differ slightly when it comes to party applications, where two party members share the same draw number. In hunts where 10 or more drawing permits are available, and in a situation where the final drawing permit is to be awarded and the final draw number belongs to two applicants that applied as a party, both applicants will receive a permit, resulting in one additional permit being issued above what was listed in this supplement.

After all permits have been tentatively assigned for a species, the list is checked to identify any individuals assigned two permits for the same species. In those situations, the individual is awarded one permit for the species, based upon how they ranked their choices on their permit application. The other permit is then awarded to the individual applicant with the next-lowest draw number. This process is repeated for all hunts for that species, until all possible permits are awarded.

In a few specific hunts alternate lists are required in order to maximize hunting opportunity. The alternate list is generated from all remaining applicants using the original randomly-assigned draw numbers. If the original applicant drawn does not notify the department of their intent to hunt by the date required, the next applicant(s) on the alternate list will be offered a permit until all permits have been awarded.

Youth Drawing Hunts

Youth who will be 10-17 years old by the starting date of the hunt are eligible to apply, and can only hunt a youth permit while they are 10-17 years old. If the youth is a resident, the youth must be accompanied by a licensed resident hunter 21 years of age or older. If the youth is a nonresident, the accompanying adult must be a licensed resident hunter 21 years of age or older who is a parent, stepparent, or legal guardian of the child. The bag limit counts against both the youth and the accompanying adult. **Basic Hunter Education is required for all youth hunters participating in Youth Drawing hunts, regardless of their age or if their accompanying adult has Basic Hunter Education.** Youth Drawing hunts are designated with a Y and only youth are eligible to apply. Some youth hunts are restricted to residents only, and those hunts are marked in this supplement.

Black Bear

Hunt Maps available online at
<http://hunt.alaska.gov>

- A black bear locking-tag is required for all nonresidents.
- Successful hunters must report within 15 days of kill, unless specified otherwise on permit. Bears must be sealed within 30 days of the kill (see Alaska Hunting Regulations for salvage and sealing requirements).
- Legal Animal: any black bear except cubs or females accompanied by cubs. In Units 1-3, bears wounded by a hunter count toward the bag limit of that hunter for the regulatory year.
- In Unit 1C, South; in Unit 2, and on Kuiu and Kupreanof Islands in Unit 3:
 - Nonresident hunters who will not be accompanied in the field by an Alaska-licensed guide or qualified resident relative within the second degree of kindred must have a DL018 or DL027-DL030 permit.
 - Nonresident hunters who will be accompanied in the field by an Alaska-licensed guide or qualified resident relative within the second degree of kindred cannot apply for DL018 or DL027-DL030, but rather must obtain a black bear harvest ticket.

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates		Additional Requirements and Information
			2025	2026	
1C, South <i>Nonresidents Nonguided Only</i>	DL018	10	Sept. 1 thru June 30		Hunt Area: that portion of Unit 1C from the south bank of Taku Inlet and the Taku River to the U.S./Canada border, then south to the Unit 1C/1B boundary at Cape Fanshaw.
2 <i>Nonresidents Nonguided Only</i>	DL027	55	Sept. 1-Dec. 31	-----	Hunt Area: Unit 2
	DL028	190	-----	Jan. 1-June 30	
3, Kuiu Island <i>Nonresidents Nonguided Only</i>	DL029	40	Sept. 1 thru June 30		Hunt Area: Unit 3, Kuiu Island
3, Kupreanof Island <i>Nonresidents Nonguided Only</i>	DL030	70			Hunt Area: Unit 3, Kupreanof Island
14C, Joint Base Elmendorf Richardson (JBER) <i>Certified Shotgun Hunters Only (see page 20)</i>	DL455	25	Sept. 1 thru June 15		Hunt Area: portions of Joint Base Elmendorf Richardson (JBER) Management Area. Basic Hunter Education is required for this hunt. Attention: This Joint Base Elmendorf Richardson (JBER) hunt is subject to closure due to military operations. This hunt may be stopped for specific time periods or limited to specific areas on short (6 hours) notice. Check in/out on a daily basis. JBER will require successful applicants to pay a \$125 access fee, and may require successful applicants to demonstrate proficiency with the weapon they intend to use.
14C, McHugh Creek <i>Certified Shotgun Hunters, Certified Bowhunters, or Certified Muzzleloader Hunters Only (see page 20)</i>	DL457	3	Oct. 1-Oct. 31	-----	Hunt Area: Unit 14C, McHugh Creek: all drainages into McHugh Creek, excluding that area within a 1/2 mile of the Seward Hwy or within a 1/4 mile of a developed facility. Special hunt conditions include Basic Hunter Education and muzzleloader certification (if using a muzzleloader) or bowhunter certification (if using a bow), demonstrated shooting proficiency (separate from Basic Hunter Education requirement), orientation class, hunting on weekdays only, daily check-in/out and all parts of the bear not required to be salvaged must be moved 100 yards from any trail.

Bison

Hunt Maps available online at
<http://hunt.alaska.gov>

- A resident who wins a bison Drawing permit hunt is ineligible to apply for another bison permit for 10 years. A nonresident who wins a bison Drawing permit hunt is ineligible to apply for another bison permit.
 - If you are a resident and you were awarded a permit in regulatory year 2016 or more recently, you are ineligible to apply.
 - If you are a nonresident and you have been awarded a permit since regulatory year 2008 you are ineligible to apply.
- Application fee for a bison hunt is \$10 per individual, \$20 per party.

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates		Legal Bison	Reporting Requirements If Successful	Additional Requirements and Information
			2025	2026			
11 and portion of 13D, Copper River	DI454	1	Sept. 1 thru Mar. 31		Either Sex	In person or by phone to ADF&G in Glennallen within 5 days of leaving the hunt area.	Hunt Area: east of the Copper River, south of the Klawasi River, and west of the line from Mount Sanford to Mount Wrangell to Long Glacier west of the Kotsina River and that portion of Unit 13D east of the Edgerton Hwy. If a successful applicant fails to indicate intent to hunt (in writing to ADF&G, Box 47, Glennallen, AK 99588) by Sept. 1, we will choose an alternate for that permit. An alternate list for the hunt is produced during the Drawing process. Hunting opportunity and success on public land is extremely limited. During the hunt period, most bison are found on private lands. Trespass permits may be available for some private lands and not for others. If you do not have considerable knowledge of the local area, a full understanding of land status in the area, and a considerable amount of time to hunt, please do not apply for this hunt. Additional hunt information will be emailed from ADF&G in Glennallen prior to the hunt.
19C and 19D	DI351	10	Aug. 22-Oct. 10	-----	Either Sex	By mail within 15 days of close of season.	Hunt Area: Units 19C and 19D For bison taken before October 1, meat of the front quarters, hind quarters, and ribs, must be left on the bone. Call ADF&G in McGrath at (907) 524-3323 for more information.
	DI352	5	-----	Mar. 1-Mar. 31	Bull		
20D, Delta	DI403	up to 30	Sept. 27 thru Mar. 31 Hunters will be assigned specific start dates		Bull	In person or by phone to ADF&G in Delta Junction within 2 days of kill. Specimens from harvested bison may be required.	Hunt Area: Unit 20D Hunters must obtain permission from landowners to hunt on private land, access fees may be charged. Weapons-restrictions apply. Hunters must either attend an orientation in person at ADF&G in Delta Junction or complete an online orientation and test to receive certification of orientation prior to hunting. Orientation is available at: http://www.adfg.alaska.gov/index.cfm?adfg=deltabison.main Special restrictions apply on military lands. Contact Fort Wainwright for details (907) 361-9686. Hunters will be assigned specific start dates between September 27 and November 1 (determined by order drawn) and can hunt from their start date until the end of the season (March 31).

Caribou

Hunt Maps available online at
<http://hunt.alaska.gov>

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates		Legal Caribou	Reporting Requirements If Successful	Additional Requirements and Information
			2025	2026			
7, Kenai Mtns.	DC001	up to 5	Aug. 10-Sept. 20	-----	Bull	Report within 10 days of kill	Hunt Area: that portion of Unit 7 north of the Sterling Hwy and west of the Seward Hwy. The Kenai Mountains caribou herd is usually found near Big Indian Creek. Access is generally from the Resurrection Trail. Contact Kenai National Wildlife Refuge, Soldotna, and U.S. Forest Service, Seward, for motorized access restrictions. This hunt occurs on federal lands and is subject to potential federal access restrictions.
14A and 14B	DC590	up to 50	Aug. 10-Sept. 20 and Dec. 1 thru Mar. 15		Either Sex	Report within 10 days of kill	Hunt Area: Units 14A and 14B: the caribou in this hunt tend to be in areas accessible only by aircraft.
15B, Killey River	DC608	up to 60					Hunt Area: that portion of Unit 15B within the Kenai National Wildlife Refuge Wilderness Area. This hunt area is closed to off-road vehicles and aircraft access is extremely limited.
15C, Fox River	DC618	up to 10					Hunt Area: that portion of Unit 15C north of Fox River and Chernof Glacier, east of Windy Lake and south of Tustumena Glacier. Access to this area is difficult. This area is closed to off-road vehicles and aircraft access is extremely limited.
20A, Central Alaska Range  <i>Residents Only</i> <i>Nonresidents Nonguided Only</i>  <i>Nonresidents Guided Only</i> 	DC827	128	Aug. 10-Sept. 20	-----	Bull	Report within 10 days of kill	Hunt Area: Unit 20A Nonresident hunters applying for DC826 may NOT use an Alaska-licensed guide. Nonresident hunters applying for DC828 MUST use an Alaska-licensed guide and cannot use a resident relative as a guide.
	DC826	11					
	DC828	11					
20B, 20E, and 25C, Fortymile White Mountains (Zones 1 and 3) <i>Youth Hunters Only</i>	YC831	30	Aug. 1-Aug. 21	-----	Either Sex	Report within 7 days of kill	Hunt Area: Zone 1 of the Fortymile - White Mountains caribou registration hunt area. Unit 20B, that portion within the Chatanika River drainage north and east of the Steese Hwy, and that portion south and east of the Steese Hwy, except the middle (East) fork of the Chena River drainage upstream from and including the Teuchet Creek drainage and except the Salcha River drainage, and Unit 25C, that portion east of the east bank of the mainstem of Preacher Creek to its confluence with American Creek, then east of the east bank of American Creek, excluding that portion within the drainage of the south fork of Birch Creek and excluding that portion within the Yukon–Charley Rivers National Preserve. Zone 3 of the Fortymile caribou registration hunt area. Unit 20E, that portion including the Seventymile River downstream from the Granite Creek drainage, the North Fork Fortymile River drainage downstream from and including the Champion Creek drainage, the Middle Fork Fortymile River drainage downstream from the Joseph Creek drainage, the Mosquito Fork of the Fortymile River drainage downstream from the Wolf Creek drainage, the Dennison Fork drainages, the Ladue River drainages, and all drainages east of those drainages. One caribou per lifetime allowed for this permit.
YC831 Fortymile Zones 1 and 3 Youth Hunt. Resident and nonresident youth who will be 10 to 17 years old by the starting date of the hunt are eligible to apply, and can only hunt a youth permit while they are 10-17 years old. Each permittee must be accompanied in the field by a licensed Alaska resident adult at least 21 years old. The nonresident youth’s accompanying resident adult must be a parent, stepparent, or legal guardian. Bag limit counts against the bag limit of BOTH the youth permittee and the accompanying adult. Youth permittees and accompanying adults must wear hunter orange vests while hunting. Basic Hunter Education is required for all youth hunters participating in Youth Drawing hunts, regardless of their age or if their accompanying adult has Basic Hunter Education. This youth hunt allows harvest in both Zones 1 and 3 prior to the registration hunt being opened.							
23 <i>Nonresidents Only</i> 	DC923	300	Aug. 1-Sept. 30	-----	Bull	Online, in person or by phone to ADF&G within 15 days of kill	Hunt Area: Unit 23. This area is primarily federal land, see federal regulations for areas closed to nonresidents.

Hunt Maps available online at
<http://hunt.alaska.gov>

- Antlerless hunts must be authorized by advisory committees in order to be held.
 - All in person or phone reporting must be done Monday through Friday (except holidays). Hours may vary by area office.

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates		Legal Moose	Specimens Required (Return with Permit Report)	Reporting Requirements If Successful	Additional Requirements and Information	
			2025	2026					
14C, Joint Base Elmendorf Richardson (JBER) Certified Muzzleloader Hunters Only (see page 20) Certified Bowhunters Only (see page 20)	DM422	10	Sept. 1-Nov. 15		Bull	Warning: Joint Base Elmendorf Richardson (JBER) hunts are subject to closure due to military operations. Hunts may be stopped for specific time periods or limited to specific areas on short (6 hours) notice. Check in/out on a daily basis. JBER will require successful applicants to pay a \$175 access fee, and may require successful applicants to demonstrate proficiency with the weapon they intend to use.	In person to ADF&G in Anchorage or Palmer within 10 days of kill	Hunt Area: portions of JBER. See box at left for proficiency testing requirements. Basic Hunter Education is required for these hunts. Prior to applying for DM421, DM422, or DM423, Muzzleloader certification is required. Prior to applying for DM424, DM426, DM427, DM428, or DM430, IBEP certification is required. Qualified Disabled Veterans and Qualified Disabled Active-Duty Military (for DM421 and DM426): Military physician's affidavit stating 50% or greater service-connected disability or is certified by the U.S. Department of Veteran's Affairs as having incurred a 50% or greater service-connected disability.	
	DM423	2	and Dec. 15 thru Jan. 15		Antlerless				
	DM421	3			Either Sex				
	DM424	30	Sept. 1-Nov. 15	----	Bull				
	DM427	15	Dec. 15 thru Jan. 15		Either Sex				
	DM426	10							
	DM428	7	Sept. 1-Sept. 30	----	Bull				
	DM430	3	Oct. 15-Nov. 15	----					
	14C, Knik River & Hunter Creek <i>Residents Only</i>	DM441	5	Sept. 1-Sept. 30	----				Antlerless
	14C, Peters & Little Peters Creek drainages <i>Residents Only</i>	DM443	5		----				
14C, Northern portion of the remainder of 14C <i>Residents Only</i> <i>Certified Bowhunters Only</i> (see page 20)	DM444	2	Oct. 20-Nov. 15	----	Bull	None	By phone on day of kill (907) 267-2811, and in person to ADF&G in Anchorage or Palmer within 10 days of kill	Hunt Area: that portion of “the remainder of 14C” (outside special management areas) that drains into the Knik Arm of Cook Inlet, excluding Fire Island, the portion northeast of Eagle River in Sec. 32, and the portion south of the south bank of the Eagle River to the north side of the Glenn Hwy. Permit winners will be required to attend a hunt orientation and pass a proficiency test.	
14C, Ship Creek drainage above JBER	DM446	10	Sept. 1-Sept. 15	----	Bull				
	DM447	10	Sept. 16-Sept. 30	----					
14C, Birchwood Management Area <i>Certified Bowhunters Only</i> (see page 20)	DM448	2	Sept. 1-Sept. 30	----	Bull	None	In person to ADF&G in Anchorage or Palmer within 10 days of kill	Hunt Area: that portion of Unit 14C within the drainages of Ship Creek above the JBER boundary, except for the Tokle Creek drainage. Hunt Area: that portion of Unit 14C west of the Old Glenn Hwy between JBER and Peters Creek. Most of this area is privately owned and moose hunting is not allowed in Beach Lake Park; therefore, hunter success is lower than in other areas.	
14C, Anchorage Management Area <i>Residents Only</i> <i>Certified Muzzleloader Hunters</i> <i>OR</i> <i>Certified Shotgun Hunters Only</i> (see page 20)	DM466	8	Nov. 1-Nov. 30	----	Antlerless				By phone on day of kill (907) 267-2811, and in person to ADF&G in Anchorage or Palmer within 10 days of kill
	DM467	5				McHugh Creek (DM467): all drainages into McHugh Creek; excluding that area within a 1/2 mile of the Seward Hwy or within 1/4 mile of a developed facility. Special hunt conditions for both hunts (DM466 and DM467) include: Basic Hunter Education and Muzzleloader certification (if using a muzzleloader), demonstrated shooting proficiency and orientation class, hunting on weekdays only, daily check-in/out and moving unsalvaged parts at least 100 yards from trails or other designated park features. Shotgun hunters must use shotguns with front/rear sights or scope only. Permit winners may be restricted to specific areas within the boundaries of this hunt.			

Unit 15 Moose

Hunt Maps available online at
<http://hunt.alaska.gov>

- Antlerless hunts must be authorized by advisory committees in order to be held.
 - Moose hunters in Unit 15 must complete the Moose Hunter Orientation online at <http://hunt.alaska.gov/> prior to hunting.
 - All sealing and in person reporting must be done Monday through Friday (except holidays). Hours may vary by area office.

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates 2025	Legal Moose	Reporting & Specimen Requirements If Successful	Additional Requirements and Information
15B, East of Sterling Hwy <i>Residents Only</i>	DM508	up to 40	Sept. 1-Sept. 25	Bull	Report by mail within 10 days of kill.  Specimens Required: 5-inch section of lower jaw with front teeth	Hunt Area: Unit 15B East of the Sterling Highway. Access into Unit 15B is difficult. ATV's are not permitted on Kenai National Wildlife Refuge lands and aircraft access is extremely limited.
15C, Northwest <i>Residents Only</i>	DM512	up to 20				Hunt Area: Unit 15C, the area from the mouth of the Kasilof River east along the Kasilof River to the Kenai National Wildlife Refuge boundary, south to Cytex Creek, then west to Deep Creek, then down Deep Creek to Cook Inlet, then north along the coast to the Kasilof River.
15C, Northeast <i>Residents Only</i>	DM514	up to 35				Hunt Area: Unit 15C, within the Kenai National Wildlife Refuge
15C, Southwest <i>Residents Only</i>	DM516	up to 18				Hunt Area: Unit 15C, the area from the mouth of Deep Creek east along Deep Creek to the Junction of Cytex Creek, then continuing south down the head waters of Deep Creek to the drainage south of Center Plateau and north of EMT ridge to the headwaters of the South Fork of the Anchor River, then south and west down the South Fork of the Anchor River to Cook Inlet, then north along the shoreline to the mouth of Deep Creek.
15C, Southeast <i>Residents Only</i>	DM518	up to 16				Hunt Area: Unit 15C, the area from the junction of Cytex Creek and the Kenai National Wildlife Refuge (KNWR) boundary, East to the Fox River, then south down the Fox River to Kachemak Bay, then southwest along the coast to McNeil Canyon, then north up McNeil Canyon to East End Road to Ashwood Avenue, then West down Ashwood Avenue to Beaver Creek Flats, continuing west along Beaver Creek to the South Fork of the Anchor River, then northeast up the South Fork of the Anchor River to the drainage between Center Plateau and EMT ridge to Deep Creek, then north up Deep Creek to the Junction of Cytex Creek and east to the KNWR boundary.
15C, Homer	DM549	up to 65	Oct. 20-Nov. 20	Antlerless, taking of calves or cows with calves is prohibited	Report by mail within 10 days of kill.  Specimens Required: 5-inch section of lower jaw with front teeth	Hunt Area: that portion of Unit 15C from the mouth of Deep Creek easterly along the south bank of Deep Creek to N 59° 55.183', W 151° 8.155'; then southeasterly in a straight line to the unnamed creek at N 59° 54.342', W 151° 6.459'; and easterly down the south bank of this stream to Caribou Lake and easterly along the south shore to the outlet of Fox Creek, then south along the west bank of Fox Creek to the mouth of Fox Creek, and along the mean high tide line to the point of origin.
A significant portion of this hunt area is private land.

Unit 20D Moose

Hunt Maps available online at
<http://hunt.alaska.gov>

- Antlerless hunts must be authorized by advisory committees in order to be held.

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates 2025	Legal Moose	Reporting Requirements If Successful	Additional Requirements and Information
20D, Delta Junction Management Area	Residents Only	DM790	20	Bull with spike-fork or 50-inch antlers or antlers with 4 or more brow tines on at least one side	Online, by mail, or in person to ADF&G in Delta Junction within 15 days of kill	Hunt Area: Delta Junction Management Area - Unit 20D that portion bounded by a line beginning at the confluence of Donnelly Creek and the Delta River, then up Donnelly Creek to Richardson Hwy (mile 238), then north along the east side of the Hwy to the "12-mile crossing trail" (mile 252.4) then east along the south side of the "12-mile crossing trail" and across Jarvis Creek to the 33-mile loop road, then northeast along the 33-mile loop road to the intersection with the Alaska Hwy (mile 1414), then southeast along the north side of the Alaska Hwy to the bridge at Sawmill Creek (mile 1403.9), then down the west bank of Sawmill Creek to its confluence with Clearwater Creek and down the south bank of Clearwater Creek to its confluence with the Tanana River, then down the Tanana River to its confluence with the Delta River, and upstream along the east bank of the Delta River to the point of beginning at Donnelly Creek. Much of the area is private or military land, and landowner permission is required. Special restrictions apply on military land - contact Fort Wainwright (907) 361-9686 or Fort Greely (907) 873-4202 for details. Military lands may be closed on short notice during the hunting season if military training is scheduled. Proxy hunting is not allowed for hunt DM795. Attention! If a successful applicant for hunt DM795 fails to confirm <u>eligibility</u> in writing to ADF&G (by email to jessica.wagner@alaska.gov or fax 907-459-7332) by Aug. 1, we will award the permit to the next eligible applicant in the order drawn.
				Nonresidents Only		
	Qualified Disabled Veterans and Qualified Disabled Active-Duty Military Only	DM795	6	Sept. 1- Sept. 15		
Qualified Disabled Veterans and Qualified Disabled Active-Duty Military: you must be a Purple Heart Recipient AND have 100% service-connected disability.						
20D, Southwest Residents Only	NEW! YM763	10	Sept. 16- Sept. 25	Antlerless, taking calves or cows accompanied by calves is prohibited	In person or by phone to ADF&G in Delta Junction (907) 895-4484 before leaving the hunt area and mail permit report within 15 days of kill	Hunt Area: that portion of Unit 20D south of the north bank of the Tanana River and west of the west bank of the Johnson River Bison Range Controlled Use Area is closed to motorized vehicles for hunting July 1-September 30, including the transportation of hunters, their hunting gear, and/or parts of game in the controlled use area. Resident youth who will be 10-17 years old by the starting date of the hunt are eligible to apply, and can only hunt a youth permit while they are 10-17 years old. Each permittee must be accompanied in the field by a licensed Alaska resident adult at least 21 years old. Bag limit counts against the bag limit of BOTH the youth permittee and the accompanying adult. Youth permittees and accompanying adults must wear hunter orange vests while hunting. Basic Hunter Education is required for all youth hunters participating in Youth Drawing hunts, regardless of their age or if their accompanying adult has Basic Hunter Education. Hunters must check-out with Delta ADF&G in person or by phone (907) 895-4484 before leaving the hunt area.
	Only one moose per lifetime allowed for this hunt.

<i>Residents Only</i>				Bull with 50-inch antlers or antlers with 4 or more brow tines on at least one side			
<i>Nonresidents Only</i>							

Attention: These hunt areas are remote and access is limited. Hunters should understand accessibility limitations before applying for these hunt areas.

Units 21CD & 24CD Moose (Koyukuk Controlled Use Area)

Hunt Maps available online at <http://hunt.alaska.gov>

- You may not apply for any 2025 Koyukuk Controlled Use Area (KCUA) moose Drawing hunts if you were drawn for any 2024 KCUA moose Drawing hunts.
- For moose taken prior to October 1 in Units 21 and 24, meat from the front quarters, hind quarters, and ribs must remain naturally attached to the bone until the meat has been transported from the field or is processed for human consumption.
- A hunter who is issued a Drawing permit for the hunt areas in Unit 21B, 21C, 21D, 24C and 24D cannot receive registration permit RM832, RM834, or RM838 in the same regulatory year.

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates 2025	Legal Moose	Specimens Required (Return with Permit Report)	Reporting Requirements If Successful	Additional Requirements and Information
21CD and 24CD, Koyukuk Controlled Use Area upstream from the Gisasa River <i>Residents Only</i>	DM828	10	Sept. 5-Sept. 14	Bull			Successful hunters are required to attach their locking moose tag to the <u>antlers</u> of the moose they harvest at the site of the kill. Successful hunters cannot detach the antlers from the skull plate of the moose.
	DM830	10	Sept. 16-Sept. 25				
21CD and 24CD, Koyukuk Controlled Use Area upstream from the Gisasa River <i>Nonresidents Nonguided Only</i>	DM827	1	Sept. 5-Sept. 14	Bull with 50-inch antlers or antlers with 4 or more brow tines on at least one side	Antlers for measuring, and 5-inch section of lower jaw with front teeth, to the ADF&G check station, or to ADF&G in Galena or Fairbanks	In person at the ADF&G check station or Huslia or Hughes within 48 hours of the close of the season for which the permit was issued	DM827 and DM829 applicants CANNOT apply or hunt using an Alaska-licensed guide.
	DM829	1	Sept. 16-Sept. 25				Nonresidents hunting with an Alaska-licensed guide must apply for DM823 or DM825.
21CD and 24CD, Koyukuk Controlled Use Area upstream from the Gisasa River <i>Nonresidents Guided Only</i> 	DM823	1	Sept. 5-Sept. 14				Guided nonresidents may only submit ONE application for a KCUA moose hunt. DM823 and DM825 applicants MUST apply and hunt using an Alaska-licensed guide.
	DM825	1	Sept. 16-Sept. 25				If a guided nonresident Drawing permit is available, but the alternate list is exhausted, ADF&G will issue permits to the next nonguided nonresident alternate (DM827 or DM829). If there are no alternates for a hunt, undersubscribed permits will be offered on a first-come, first-served basis starting on the first Friday in March at ADF&G in Fairbanks. To register for an undersubscribed permit, a hunter must provide the guide's unique verification code (obtained by the guide from Big Game Commercial Services Board) to ADF&G in Fairbanks.

Koyukuk Controlled Use Area

The Koyukuk Controlled Use Area includes those portions of Unit 21 and 24 bounded by a line from the north bank of the Yukon River at Koyukuk at N 64°52.58', W 157°43.10', then northerly to the confluence of the Honhosa and Kateel Rivers at N 65° 28.42', W 157°44.89', then northeasterly to the confluence of Billy Hawk Creek and the Huslia River at 65° 56.66' N. lat., 156° 40.81' W. long., then easterly to the confluence of the forks of the Dakli River at 66° 02.56' N. lat., 156° 12.71' W. long., then easterly to the confluence of McLanes Creek and the Hogatza River at N 66° 00.31', W 155° 18.57', then easterly to the middle of the Hughes airstrip at N 66° 02.56', W 154° 15.69', then south to Little Indian River at N 65° 47.10', W 154° 15.69', then southwesterly to the crest of Ho-chandochlla Mountain at N 65° 31.87', W 154°52.18', then southwest to the mouth of Cottonwood Creek at N 65° 13.00', W 156° 06.43', then southwest to Bishop Rock (Yistletaw) at N 64° 49.35', W 157°21.73', then westerly along the north bank of the Yukon River (including Koyukuk Island) to the point of beginning.

The area is closed to the use of aircraft for hunting moose, including transportation of moose hunters, their hunting gear, or moose parts; however, this does not apply to transportation of moose hunters, their hunting gear or moose parts by aircraft between publicly owned airports in the controlled use area or the transportation into the area of game meat that has been processed for human consumption.

All permit holders must sign in at the ADF&G check station or Huslia or Hughes to activate the hunt dates indicated on the permit, and must report in person at the ADF&G check station or Huslia or Hughes within 48 hours of the close of the season for which the permit was issued.

Units 21D & 24D Moose (Galena)

Hunt Maps available online at <http://hunt.alaska.gov>

- For moose taken prior to October 1 in Units 21 and 24, meat from the front quarters, hind quarters, and ribs must remain naturally attached to the bone until the meat has been transported from the field or is processed for human consumption.
- A hunter who is issued a Drawing permit for the hunt areas in Unit 21B, 21C, 21D, 24C and 24D cannot receive registration permit RM832, RM834, or RM838 in the same regulatory year.

Muskox may be taken in the DHCMA by bow and arrow only, and IBEP certification is required. See weapons restricted hunts, page 20. Successful applicants will be mailed additional information which will include materials on judging legal muskox. In addition to the 5-inch section of the lower jaw, successful hunters are asked to bring in the entire head or to submit photos to ADF&G to determine age.	

Sheep

Hunt Maps available online at
<http://hunt.alaska.gov>

- **Nonresident sheep hunters must be accompanied in the field by an Alaska-licensed guide or an Alaskan resident relative within the second-degree of kindred as defined on page 1 of this supplement. All hunters, guided and unguided, are responsible for their actions, and should be knowledgeable regarding seasons, bag limits, and legal animals.**
- **Salvage, sealing, and reporting requirements: Horns must accompany meat from the field, may not be altered, and must remain naturally attached to the skull plate for sealing purposes.**
- **All successful hunters must report within 15 days of kill. All horns taken under a Drawing permit must be sealed within 30 days, or sooner if hunt conditions require, and must be accompanied by the permit report. Sealing must be done Monday through Friday (except holidays). Hours vary by office.**

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates 2025	Legal Sheep	Additional Requirements and Information
7 & 15A, portions of Round Mt. NEW! Residents Only Nonresidents Only 	DS150	1	Aug. 10-Sept. 20	Full curl Full curl every 4 regulatory years	Hunt Area: those portions of Units 7 and 15A east of the Fuller Lake Trail, south of Dike Creek and a straight line from the source of Dike Creek east through the divide south of Trout Lake to Juneau Creek, west of Juneau Creek, and north of the Sterling Hwy.
12, 13C, and 20D, Tok Management Area 	DS102	10	Aug. 10-Sept. 20	Full curl every 4 regulatory years	<i>The TMA is managed specifically for trophy-quality rams. Permit numbers were reduced beginning fall 2022 to achieve the trophy management objectives in future years. The number of permits issued is intended to provide participants with a reasonable opportunity to harvest animals that meet the trophy management objectives. The reduced number of permits is not meant as a management action to increase the sheep population in the TMA.</i> Hunt Area: Tok Management Area (TMA) - those portions of Units 12, 13C and 20D bounded by a line along the Alaska Hwy east from the west side of the Johnson River bridge to Tok Junction, then south along the Tok-Slana cutoff (Glenn Hwy) to the Slana River, then west along the north bank of the Slana River to its confluence with Lost Creek, then up the north side of Lost Creek to the divide between Lost Creek and Jack Creek, then north to the Unit 12 boundary then west along the Unit 12 boundary to Mount Kimball (N 63° 17.00', W 144° 40.00'), then west in a straight line to Mount Gakona (N 63°17.00', W 145° 12.00'), then southwesterly to the head of Canwell Glacier, then northerly to the head of the Johnson Glacier, then northerly along the west bank of the Johnson Glacier and Johnson River to the Johnson River bridge. TMA - 10% of permits are allocated to nonresidents. A maximum of 50% of nonresident permits may be allocated to nonresidents accompanied by a resident relative. Therefore, 1 permit will be awarded to a guided nonresident hunter and no permits will be awarded to nonresidents accompanied by a resident relative for fall 2025.

Sheep hunt areas in Unit 14C are not the same as the management areas mapped in the Alaska Hunting Regulations.

A permit does not allow you to hunt in an area closed to hunting.

It is your responsibility to know the open season and boundaries of the hunt area for which you have won a permit.

Successful sheep hunters in Unit 14C must bring the horns (attached to the skull plate) for measuring and aging, and the permit hunt report to ADF&G in Anchorage, Palmer, Homer, or Soldotna within 10 days of taking the animal.

Sheep hunt areas in Unit 14C are not the same as the management areas mapped in the Alaska Hunting Regulations.

A permit does not allow you to hunt in an area closed to hunting.

It is your responsibility to know the open season and boundaries of the hunt area for which you have won a permit.

Successful sheep hunters in Unit 14C must bring the horns (attached to the skull plate) for measuring and aging, and the permit hunt report to ADF&G in Anchorage, Palmer, Homer, or Soldotna within 10 days of taking the animal.

Sheep

Hunt Maps available online at <http://hunt.alaska.gov>

- **Nonresident sheep hunters must be accompanied in the field by an Alaska-licensed guide or an Alaskan resident relative within the second-degree of kindred as defined on page 1 of this supplement. All hunters, guided and unguided, are responsible for their actions, and should be knowledgeable regarding seasons, bag limits, and legal animals.**
- **Salvage, sealing, and reporting requirements: Horns must accompany meat from the field, may not be altered, and must remain naturally attached to the skull plate for sealing purposes.**
- **All successful hunters must report within 15 days of kill. All horns taken under a Drawing permit must be sealed within 30 days, or sooner if hunt conditions require, and must be accompanied by the permit report. Sealing must be done Monday through Friday (except holidays). Hours vary by office.**

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates 2025	Legal Sheep	Additional Requirements and Information	
14C, West <i>Certified Bowhunters Only (see page 20)</i>	<i>Residents Only</i> DS140	57	Oct. 1-Oct. 10	Any ram	Hunt Area: all Unit 14C hunt areas, except the hunt areas in DS123, and including the drainages of the East Fork of the Eklutna River and the West Fork of the Eklutna River upstream of the Eklutna River Closed Area.	
	<i>Nonresidents Guided Only</i>  DS240	3	Oct. 1-Oct. 10	Any ram every 4 regulatory years		
14C, West Eklutna <i>Certified Bowhunters Only (see page 20)</i>	<i>Residents Only</i> DS141	24	Sept. 1-Sept. 30	Any ram	Hunt Area: that portion of Unit 14C within the Eklutna River drainage upstream of the Eklutna River Closed Area excluding the East Fork Eklutna River.	
	<i>Nonresidents Guided Only</i>  DS241	1	Sept. 1-Sept. 30	Any ram every 4 regulatory years		
20D, 13B, and 20A, Delta Controlled Use Area	<i>Residents Only</i> DS203	42	Aug. 10-Aug. 25	Full curl	Hunt Area: Delta Controlled Use Area (DCUA) - those portions of Units 13B, 20A, and 20D beginning at the confluence of Miller Creek and the Delta River then west to Vertical Angle Bench Mark (VABM) Miller, then west to include all drainages of Augustana Creek and Black Rapids Glacier, then north and east to include all drainages of McGinnis Creek to its confluence with the Delta River, then east in a straight line across the Delta River to the east bank of the Delta River, then north along the east bank to a point opposite the intersection of the Alaska and Richardson hwys, then east in a straight line to the intersection of the Alaska and Richardson hwys, then east along the Alaska Hwy to the west bank of the Johnson River, then south along the west bank of the Johnson River and Johnson Glacier to the head of the Canwell Glacier, then west along the north bank of the Canwell Glacier and Miller Creek to the Delta River. The area is closed to any motorized vehicle or pack animal for big game hunting, including the transportation of big game hunters, their hunting gear, or parts of big game, from August 5 through August 25. DCUA from 12:01 a.m. August 5 until 11:59 p.m. August 25, no motorized vehicles or pack animals may be used to transport big game hunters, big game hunting gear, or parts of big game within the DCUA. This does not include the Richardson Hwy, or the Charlie Boyd airstrip (N 63° 29.30', W 144° 50.45'). Additional information can be found at http://www.adfg.alaska.gov/index.cfm?adfg=sheep hunting .delta	
	<i>Nonresidents guided by resident relatives Only</i>  DS003	1		Full curl every 4 regulatory years		
	<i>Nonresidents Guided Only</i>   DS207	3				
	<i>Residents Only</i> DS204	34	Aug. 26-Sept. 20	Full curl		
	<i>Nonresidents Guided Only</i>   DS205	4		Full curl every 4 regulatory years		
20E and 20D, Mt. Harper	<i>Residents Only</i> DS206	2	Aug. 10-Sept. 20	Full curl	Hunt Area: that portion of Unit 20D north of the Alaska Hwy and that portion of Unit 20E within the Middle Fork of the Fortymile River drainage north and west of the north bank upstream from and including the Joseph Creek drainage. This area is primarily accessible by light aircraft. Sheep density is low.	
	<i>Nonresidents Only</i>  DS206	2		Full curl every 4 regulatory years		

To improve your chance of drawing a permit

1. Last year, approximately 365,861 applications were received for Drawing permit hunts. About 1.5% of these were rejected. The most common reasons applications were rejected: applicant applied for the same hunt they won last year, applicant exceeded the allowed number of applications per species, and applicant was not eligible based on residency, age, or guide type.
2. Apply for a maximum of six hunts per species (excluding Kodiak brown/grizzly bear hunts, and KCUA moose hunts; see page 1 for more information).
3. Apply for less popular hunts. The table below lists results of the 2024 drawing. Apply for hunts that received fewer applications relative to the number of permits available. The Permits Available column may be different than what was advertised due to administrative reasons.

Weapons-Restricted Hunts

Some Drawing hunt areas have weapons restrictions. The certification requirements for these areas vary depending on which weapon you are hunting with. See the current Alaska hunting regulations for equipment specifications.

Certified Bowhunters Only: You must have your bowhunter education certification (IBEP or equivalent) prior to applying for the Drawing hunt; this includes successful completion of the shooting proficiency test. IBEP or equivalent certification courses taken outside Alaska are accepted. Your certification card must be carried on your person while you are hunting in the field.

Certified Muzzleloader Hunters Only: You must have your muzzleloader hunter education certification prior to applying for the Drawing hunt; this includes successful completion of the shooting proficiency test. Your certification card must be carried on your person while you are hunting in the field.

Certified Shotgun Hunters Only: To hunt big game with a shotgun in a weapons-restricted hunt, you must have successfully completed a Basic Hunter Education course prior to hunting; this includes successful completion of the shooting proficiency test. Your certification card must be carried on your person while you are hunting in the field.

Certified Crossbow Hunters Only: You must have your crossbow hunter education certification prior to applying for the Drawing hunt; this includes successful completion of the shooting proficiency test. Your certification card must be carried on your person while you are hunting in the field.

If you intend to take one of these certification courses in Alaska, you should sign up early because classes fill quickly and are seldom offered during the summer. The department currently offers the courses through volunteer instructors and online. The courses include a shooting proficiency test. Course dates are available at regional Fish and Game offices. For more information, please call Anchorage (907) 267-2187; Douglas (907) 465-4265; Fairbanks (907) 459-7211; Nome (907) 443-2271; Palmer (907) 746-6322; or Soldotna (907) 262-9368 or go online at www.adfg.alaska.gov/index.cfm?adfg=huntered.main.
